EY-A052

MUSCLE Massage Gun

High speed

3400 rpm is enough to meet the needs of most people
Although the body is small, the strength is not reduced

High capacity

Power 3C type 2400mAh battery capacity, nearly 11.5 hours
of battery life

Low noise

Less than 44dB noise design, basically close to silent output
will not affect others' rest

High torque

Professional customized motor, 14.5KGF locked-rotor torque,
small body and large power

Large stroke

The stroke of 7.5mm, the penetration depth is more than 8cm,
which can meet the needs of massage and relaxation of deep
muscle groups and fascia

AI chip

Intelligent AI control chip quickly and quickly recognize your
operation. Quickly change the attack intensity

Product Features

product color: Black/Green/Pink

product material: ABS+Silica gel

battery capacity: 2000mah

Rated voltage: 7.4V

rated power: 24W

Net weight: 401g

Color box size: 6 x 16.5 x 19.5cm
